

## **One Newport Public Services Board (PSB) - Summary of Business: 13 March 2018**

### **Local Well-being Plan Consultation Responses**

There were 68 responses to the public consultation on the Well-being Plan and the feedback was largely positive. The Board agreed changes to the Well-being Plan in the light of responses received.

The next step is for the plan to be approved by the four statutory members of the board: Newport City Council, Aneurin Bevan University Health Board, Natural Resources Wales and South Wales Fire and Rescue Service. The plan will be submitted to the PSB for final approval on 1<sup>st</sup> May.

### **Local Well-being Plan: Delivery and Performance Framework**

The Board agreed a framework for monitoring delivery and performance for the Well-being Plan.

The Plan contains five cross cutting interventions (the Newport Offer; Strong Resilient Communities; Right Skills; Green and Safe Spaces; Sustainable Travel), which will each be led by a PSB member. The leads will be agreed by the PSB at its meeting in May.

### **Membership – Newport Live**

The Board has agreed to invite Newport Live to join the PSB, representing the cultural sector.

### **Youth Council Representation**

The Board considered a report reviewing representation by Newport Youth Council (NYC) on the PSB. The purpose of NYC representation is to ensure PSB decision making is effectively informed by the views of young people.

The Chair, Councillor Wilcox, will be the link with NYC to support participation in PSB meetings, champion the views of young people and facilitate the Board's youth engagement.

### **Scrutiny of the PSB**

The work of the PSB is scrutinised by Newport City Council's Performance Scrutiny Committee – Partnerships.

The latest letter from the Scrutiny Committee Chair, Councillor Rahman, commented on performance against the Single Integrated Plan and noted that there was clear evidence of cross partnership working which was very positive for Newport residents.
