

Intervention	Strong Resilient Communities		Green	Current progress on target	
			Amber	Progress behind target but still achievable	
Lead	Nicola Prygodzicz / C/Supt Ian Roberts	Reporting Period	Qtr.3 2019-20	Red	Progress well behind target
Key Achievements & Successes					
<p>Pill area focused programme – Pill well-being collaborative event held on 11th December, with a Health and well-being event held on 20th January 2020, and a second Wellbeing Collaborative planned for 12th March. These events are part of the process in establishing a functioning Wellbeing Network and Collaborative in Pill, with a focus on local well-being champions. A drop in session for businesses in Pill was held recently, to discuss ideas and issues with a view to setting up a local business forum if supported. Agreement now made with Pill Unity to hold a World Café and participatory budgeting event in Spring 2020, supported by PSB partners.</p>					
<p>Ringland area focused programme – The Mutual Gain Project to increase social capital and community resilience to serious and organised crime in Ringland is complete and has been evaluated. The unsuccessful bids under the Participatory Budgeting scheme are now being reviewed with a view to supporting additional projects that would benefit the local community. NCH have undertaken community consultation events on their proposed Ringland regeneration masterplan ahead of a planning application early next year. Initial phase of homes at the Cot Farm regeneration now ready for tenants.</p>					
<p>Improve support for volunteering – Wellbeing mapping has identified some local third sector delivery aligned to hub areas but further work is required to identify gaps relevant to local population needs. A participatory budgeting fund is in place to fund community projects and boost volunteering.</p>					
<p>Develop multi-agency community hubs – Planning for the new Newport East Health & Wellbeing Hub has commenced in relation to the delivery model that will improve health outcomes for the local population and will complement the service provision out of the NCC hub. Discussions underway between Newport Live and ABUHB to develop a co-located wellbeing hub in the Connect Centre Pill.</p>					
Main Risks / Barriers to progress	Status (H/M/L)	Mitigating Actions / Support Reqd			
Place based approach is a new way of working and will need cultural and organisational change.	L	PSB oversight and Intervention Board leads come from across partners organisations i.e. Health and Police.			
Key Performance Measures					
Target		Actual	RAG		
% of people who feel safe in their local area (day/night)			Delivery plan is under development and measures will be approved during this process		
% who feel able to influence decisions affecting their local area					
% people satisfied with their local area as a place to live					
% of people who volunteer					
% of people who are lonely					
Social capital measures for Ringland in development					
Plans for next quarter and the future					
Finalise performance measures for the intervention.					
Develop place based action plans for the neighbourhood hubs.
